Re: Slow Children Playing Signs

Dear Tony,

It has been brought to our attention that there are "Slow Children Playing Signs" being attached to the poles of our traffic control devices within the Camelot Subdivision.

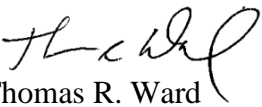

While we are sympathetic to and understand the cause and message being conveyed, attaching these signs to the poles of our traffic control devices is a violation of Section 155-13.20 Subsection (E) of the Will County Code of Ordinances. Section 155-13.20 *Prohibited Signs and Sign Characteristics* subsection (E) states "***The following signs and sign characteristics are prohibited except as otherwise expressly stated: Signs affixed directly to a tree, pole, fence or traffic control device.***"

We are unsure of who is installing the signs on our signposts, but we respectfully request your assistance in informing the residents of Camelot that our signposts are not the proper location for this signage.

We further encourage the Association and/or residents to review Will County's sign ordinance to ensure the signs are being posted in compliance with the ordinance.

Thank you in advance for your time and attention to this matter. Please do not hesitate to contact our office with any questions you may have.

Sincerely,

  
Thomas R. Ward  
Highway Commissioner

Cc: Joseph D. Baltz, Supervisor  
Jennifer Dylik, Township Administrator
